WITHOUT BREAKING
THE BANK!**

Driving along in a luxurious BMW 7-Series, Mercedes S-Class or an Audi A8...lovely thought, but who can afford to?

With prices starting at R4950 per day, you can!

UCR has made what was previously reserved for the wealthy available to everyone. You could be driving to your meeting in style, or make your anniversary just that much more special. Or maybe you just feel like spoiling yourself.

No credit card? No problem! We gladly accept debit/cheque cards as well as cash. No hidden costs, no red tape and no exorbitant hold on your credit card.

All other car rental companies have additional charges and surcharges that make it almost impossible for anyone to afford to rent a car.

Unless that company is UCR of course!
